

## Rules and Etiquette for Club Sessions

- In order to allow everyone a chance to play their music during a session, please limit the playing of each of your programs to 2 times per session.
- Music tapes and CDs should be placed in a line or bin and each new addition or previously played music will be placed at the end of the line, if there is not a music monitor present. If a music monitor is present the monitor will keep track of the order.
- Coaches and students in a lesson have right of way on the ice and may go to the front of the music line.
- The hockey boxes are reserved for coaches only. Parents and spectators should sit in the stands during sessions.
- Respect the rights of others when skating - club ice belongs to all the members. Watch for skaters doing their programs they have the right of way. “Right of way” means that all other skaters must get out of the way for skaters doing their programs.
- Standing on the ice to talk with friends is a hazard when others are skating - socialize off the ice.
- After falling if you are OK please get up as quickly as possible. There is an increased risk of injury to you and other skaters if a collision were to occur while you were lying on the ice.
- During crowded sessions back spirals; camel & flying camel spins, and triple jumps are prohibited. An exception would be while in a lesson with pros that should be acting as spotters or with permission from the monitor.
- All guests must sign a “guest waiver” for liability and insurance purposes.
- On crowded ice, no linked synchro programs are permitted and dance pairs may be asked to practice individually instead of in pairs.
- Consider every corner as a lutz corner and do not linger or congregate in corners.

For the benefit of all club members we will make every effort to enforce these rules. If you observe persistent violations of these rules please contact the session monitor. Monitors can of course use their discretion with the club rules.

I have read and understood the club ice rules, and discussed them with our (under 18) skater/s.
